International Children's Day is a day recognized to celebrate children. The day is celebrated on various dates in different countries.

Children's Day - Wikipedia

China's one-child policy was part of a birth planning program designed to control the size of its population. Distinct from the family planning policies of most other countries (which focus on providing contraceptive options to help women have the number of children they want), it set a limit on the number of children parents could have, the ...

One-child policy - Wikipedia

Every day too many men and women across the globe struggle to feed their children a nutritious meal. In a world where we produce enough food to feed everyone, 821 million people – one in nine – still go to bed on an empty stomach each night.
